

FAQ

How long is a prequalification good for?

- Financial statements and EMR need to be updated every year. Every three years all information contained within the prequalification needs to be reviewed and the document recertified.

Who has access to the data submitted?

- Data submitted through the Turner Construction Subcontractor Prequalification portal for the Obama Presidential Center will only be made available to the five construction firms (Brown & Momen, Powers & Sons, Safeway, Turner, and UjaMaa) that make up Lakeside Alliance.

I am already prequalified with Turner Construction. Do I need to prequalify again?

- No. If your prequalification with Turner Construction is up to date there is no need to prequalify again.

How do I navigate the Turner Construction Subcontractor Prequalification site?

- Please see the *Turner Subcontractor Prequalification System Log-in Guide* and *Quick Reference for Navigating the Turner Prequalification System*.

Questions?

- Still have questions? Please reach out to Gary Hill (ghill@lakesidealliance.com or 312-327-2860).
